6Gx13-5A-1.10, ATTENDANCE AREAS 1998-99**

In order to initiate rulemaking procedures in accordance with the Administrative Procedure Act, attendance zone recommendations must be submitted to the School Board. Accordingly, copies of the document, *Attendance Zone Recommendations and Related Administrative Actions 1999-2000*, will be forwarded to School Board members under separate cover and will be on file in the Office of the Recording Secretary to the School Board, School Board Administration Building, 1450 Northeast Second Avenue, Room 911, Miami, Florida and in the Citizen Information Center, School Board Administration Building, 1450 Northeast Second Avenue, Room 158, Miami, Florida.

In developing these recommendations, consideration was given to those factors affecting attendance zone changes, e.g., maintenance of a unitary school system, impact on student racial ratios, impact on exceptional student education programs, use of available student stations within contiguous areas, degree and extent of transportation, programmatic impact due to lack of student housing, reduction of the number of schools students must attend, integrity of feeder systems, assignment of students from new residential developments to specific schools prior to completion of developments, construction of new schools, and elimination of double sessions.

The public hearing for the purpose of allowing the community to react before the School Board to the recommended attendance zone changes will be held on April 28, 1999, at 6:00 p.m., in the School Board Administration Building, School Board Auditorium. Should the School Board, as a result of the March 17, 1999, meeting, modify the recommended attendance zone changes, these changes will be incorporated in the document prior to the April 28, 1999, public hearing.

Attached are the Notice of Intended Action and the rule proposed for amendment. Changes from the current rule are indicated by underscoring words to be added and ~~striking through~~ words to be deleted.
