The School Board approved the original award to CW Construction, Inc. for Job Order Contracting Services at its meeting of January 14, 1998. At its meeting of December 9, 1998, the School Board authorized the Superintendent to exercise the first of two renewal options. Maintenance and Operations, after evaluating the services rendered by C.W. Construction, Inc. is requesting authorization to renew the contractual agreement for a final period of one year. This renewal provides for project continuity in accordance with the current contract.

The proposed renewal contract includes revision of the Adjustment Factors established in the contract documents for each of the following four items:

- Item 1 - Contractor provides signed and sealed design documents for construction work to be accomplished during normal working hours (new factor 1.0533).
- Item 2 - Contractor provides signed and sealed design documents for construction work to be accomplished on an overtime basis (new factor 1.0535).

Total work orders under this renewal contract are not to exceed \$1,000,000 with a \$50,000 minimum, and without further obligation by the Board.

These revisions are calculated, pursuant to Article 14 of the contract and are based on the Construction Cost Index as published by Engineering News Record. Construction, Inc., Contract No. JOC98-B-SITE/CIVIL, with revised Adjustment Factors, commencing on the date that the current contract meets the maximum value or on January 13, 2000, whichever occurs first.
