In accordance with the Audit Plan for the 1999-2000 Fiscal Year, the Office of Management and Compliance Audits has completed the audits of the internal funds for the 1998-99 fiscal year of 39 of the 42 elementary schools in Region V. There are ongoing audits/investigations at two schools, the results of which will be published upon completion. The report on the audit of the remaining school in the region was issued in March. These audits included a review of the internal funds, property, and payroll records. Community School Program records were reviewed at the schools having the program. An analysis of property losses reported through the Plant Security Report process is also included. Food service records at seven schools were also reviewed. The response from the principal is submitted for review to the region office and School Operations and, if considered appropriate, the response is then submitted to the Office of Management and Compliance Audits, which also reviews it to assure corrective action was or will be taken.
