

Office of School Board Members
Board Meeting of September 13, 2000

August 29, 2000

Mr. Demetrio Perez, Jr., Member

**SUBJECT: REQUEST FOR APPROVAL OF RESOLUTION NO. 00-31 AUTHORIZING
MANDATORY AIR CONDITIONERS FOR ALL SCHOOL BUSES
PURCHASED**

During the month of August, 2000, staff performed a survey of selected school systems throughout the nation. They have determined that we are the only large school district without air conditioning on school buses for our students. Because of this survey and the high temperatures here in South Florida, as we discussed at our July 19, 2000, school board meeting, I am requesting that every school bus be purchased with air conditioning.

Details of this agenda item will be submitted prior to the September 13, 2000, school board meeting.
