The Miami-Dade County Public Schools Master Plan for Inservice Education, 1999-2004, was approved by the School Board on August 25, 1999. At that time, approval was given to update the plan, when necessary, as determined by needs assessments, School Board, or State requirements. Human Resources and Development is submitting one new component and 16 revised components that support training for administrators; 45 new components and 25 revised components that support training for teachers; and 3 new components and 92 revised components for training non-instructional support personnel to the Board for approval.

Detailed information on the components is contained in material forwarded to the School Board under separate cover. Copies are also on file in the Office of the Recording Secretary to the Board and the Citizen Information Center.
