SUBJECT: REQUEST FOR AUTHORIZATION TO ENTER INTO A CONTRACTUAL AGREEMENT WITH MIAMI-DADE COUNTY, DIVISION OF CHILD DEVELOPMENT SERVICES, FOR FUNDING OF AFTER-SCHOOL CARE SERVICES, EFFECTIVE JULY 1, 2001 THROUGH JUNE 30, 2002

Miami-Dade County, Division of Child Development Services, solicited responses to a Request For Proposals (RFP) from public and private agencies for the purchase of after-school care services during the period of July 1, 2001 through June 30, 2002.

Miami-Dade County Public Schools developed a proposal to expand after-school care services at eligible schools in accordance with the specifications of the RFP. This agreement serves children referred to existing programs by Miami-Dade County, Division of Child Development Services. The funding requested for each center is based upon the number of children served for the 260 days the centers are in operation. Funds received for the after-school care program provide part-time salaries, food service, supplies, and equipment. Reimbursement is computed at \$6 per child per day for the days students are in school.

The daily program includes educational, recreational, social, and cultural activities. A supervised homework time is provided, as well as a snack. Parents are encouraged to participate in the activities of the program.

The agreement with Miami-Dade County, Division of Child Development Services, to provide subsidized child care services is an open contract. In the agreement, neither the number of children to be served nor the amount of funds per center is stated. Appropriations from Miami-Dade County to each center are ultimately adjusted to reflect actual revenues generated by that center.

No local funds are required.

RECOMMENDED: That The School Board of Miami-Dade County, Florida, authorize the Superintendent to enter into a contractual agreement with Miami-Dade County, Division of Child Development Services, for funding of after-school care services, effective July 1, 2001 through June 30, 2002.

No local funds are required.
