Board Meeting of January 16, 2002

**SUBJECT: DISCUSSION OF THE REVISION AND UNIFORMITY OF CURRENT
STUDENT CELLULAR PHONE USE POLICY**

Strong feedback received from the executive board members of the Student Government Association of High Schools in District 8 gives reason to believe that revision of the current student cellular phones use policy is in order.

A new policy responding to the Student Government's feedback will be proposed at the February 13, 2002, board meeting. Details of this agenda item will be submitted prior to the January 16th school board meeting.
