**SUBJECT: AGREEMENT BETWEEN MIAMI-DADE COUNTY AND THE  
SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA, FOR THE  
CONSTRUCTION OF WASTEWATER FACILITIES TO SERVICE  
THE BUNCHE PARK ELEMENTARY AND NORTH DADE MIDDLE  
SCHOOL SITES  
PROJECT NO. KV0583**

In order to provide wastewater services to the Bunche Park Elementary and North Dade Middle School site and in order to comply with the consent agreement between The Department of Environmental Resource Management and the School Board of Miami-Dade County, executed on May 13, 1998, the Board must install and connect a sewer force main and other appurtenances to the existing Miami-Dade County (County) infrastructure (see location map).

Bunche Park Elementary School is an 8-acre school site located at 16001 Bunche Park Drive and North Dade Middle School is a 17-acre school site located at 1840 NW 157 Street. The School Board must install a private lift station at the North Dade Middle School site from which a proposed 8-inch sewer force main at NW 157 Street must extend to a point of connection at NW 22 Avenue abutting the Biscayne Canal. A proposed 8-inch sewer force main will extend from the Bunche Park Elementary School site to the same point of connection (see location sketch). The approximate cost for the installation of these wastewater facilities is \$ 468,119.

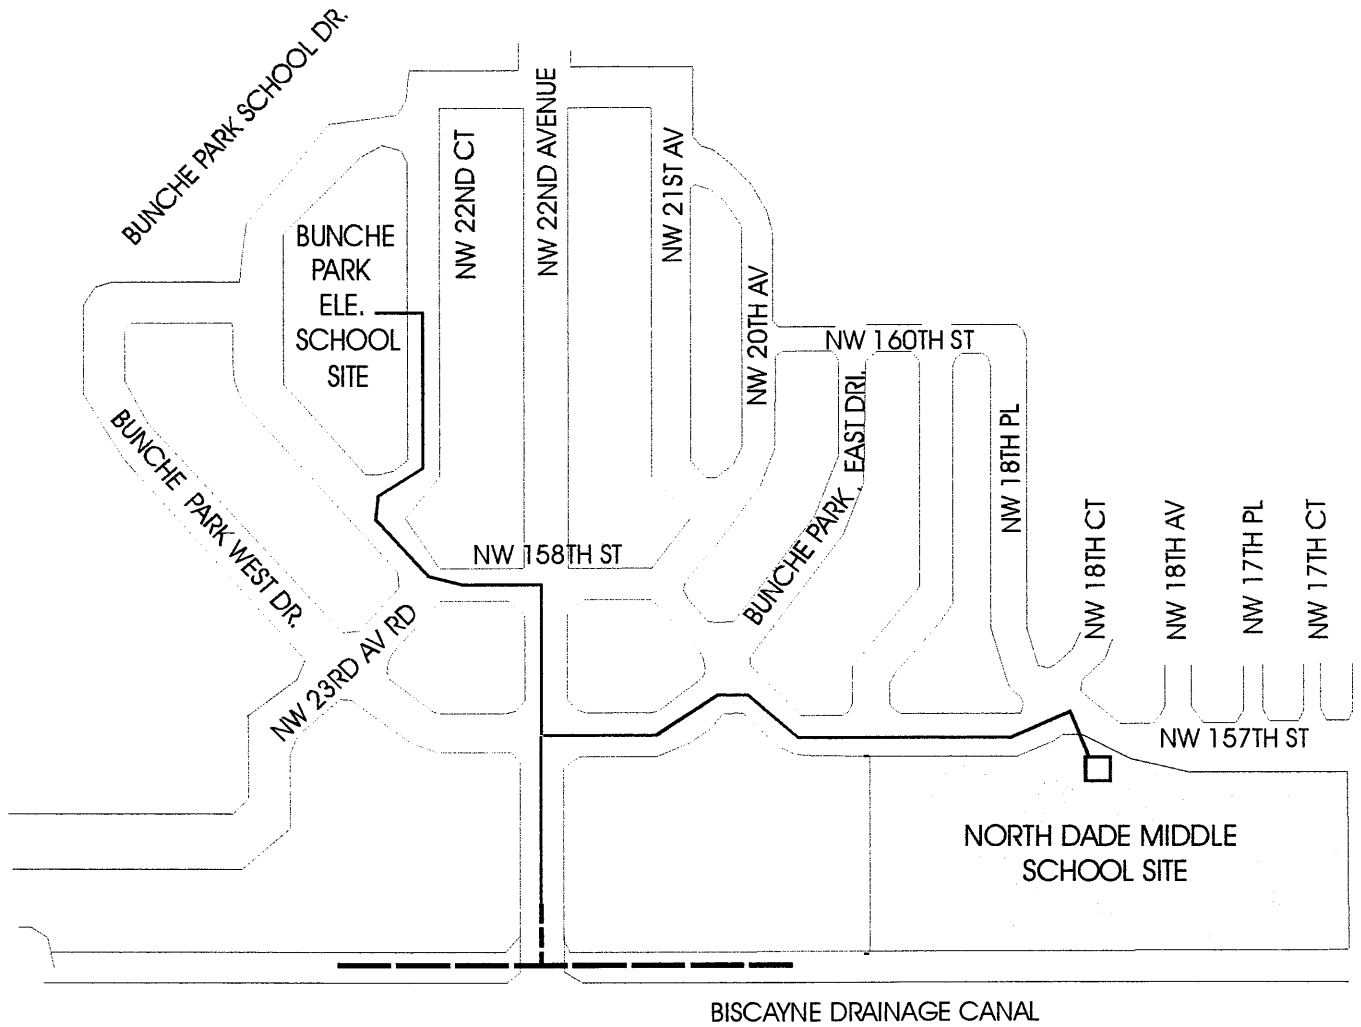

The agreement for the wastewater facilities installation has been reviewed and recommended by the Office of Capital Improvement Projects and the School Board Attorney's Office. Public utility facilities constructed on Board-owned property will be conveyed, with appropriate easements, to Miami-Dade County for future maintenance and operation.
