**SUBJECT: RENEW BID NO. 050-XX04 - WIRING, TELECOMMUNICATION
(FURNISH AND INSTALL - VOICE AND DATA)**

The purpose of this bid, opened on January 12, 1999, was to establish a contract, to purchase, at firm unit prices, quantities, as may be required, of telecommunications wiring and installation, for the Office of Information Technology. The terms of agreement, as contained in the subject bid, awarded by the Board on February 10, 1999, and renewed on November 15, 2000, provided, that by mutual agreement between the successful vendors and The School Board of Miami-Dade County, Florida, the contract may be renewed for one (1) additional two (2) year period and, if needed, ninety (90) days beyond the expiration date of the current contract period. The contract is currently in its final two (2) year renewal period. The awardees have agreed to renew for the final ninety (90) day renewal period, by letter, on file. It is considered to be in the best interest of the Board to renew this bid, for an additional ninety (90) day period, at the current prices, to benefit from fixed prices, and to comply with E-Rate year five applications, during the next ninety (90) days, inasmuch as the Consumer Price Index (CPI), as of January 2002, indicated an increase of 1.1%.
