**SUBJECT: AMEND BOARD RULE 6Gx13- 7E-1.02; EDUCATIONAL
FACILITIES--NAMING**

The naming of educational facilities is an important responsibility of the Miami-Dade School Board. These decisions of tribute and identity have the potential to inspire our community and school children for generations to come. In addition to the final selection of names, the School Board must ensure that the process used to solicit, consider and recommend nominations be open and inclusive of community input.
