COMMITTEE: EDUCATION AND SCHOOL OPERATIONS

Fund-raising activities play an integral role in the support of school programs at all levels. Senior high schools in particular rely on fund-raising activities to supplement their activities and athletic programs. Such fund-raising activities should be conducted in a manner that provides for student safety.

In order to ensure satisfactory safety guidelines for student fund-raising, this item requests that The School Board of Miami-Dade County, Florida, direct the Superintendent to review and modify, as appropriate, all Board Rules and guidelines related to fund-raising activities. This comprehensive review and modification process should emphasize student safety issues and should specifically prohibit roadside solicitations.

Staff should submit a response regarding the review and modification process to Board Members no later than the School Board meeting of June 16, 2004.
