COMPREHENSIVE DISTRICTWIDE PLANNING

Strategic planning is the systematic process of specifying the goals of the school system, determining the present attainment of those goals, and then selecting strategies to reduce the discrepancies. - developing a process for approval of School Performance Excellence Improvement Plans;
- annually approving and requiring implementation of new, amended, or continuing School Performance Excellence Improvement Plans;
- developing for each school that does not make adequate progress as defined by the Florida Board of Education a two-year plan of increasing individualized assistance and intervention;
- notifying the Florida Board of Education in the event that any school does not make adequate progress toward meeting the goals and standards of a School Performance Excellence Improvement Plan by the end of two years of failing to make adequate progress;
