SUBJECT: THAT THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA, REQUEST THAT THE SUPERINTENDENT REVIEW THE COURSE OFFERINGS AVAILABLE AT SENIOR HIGH SCHOOLS

COMMITTEE: INNOVATION, EFFICIENCY & GOVERNMENT RELATIONS

Diverse and numerous course offerings at senior high schools are necessary to ensure students receive a quality education. Access to a broad range of electives in foreign languages, the arts, advanced placement, and honors courses is critical to preparing our students for success in post-secondary education and the world of work. Towards this end, it is requested that the Superintendent review the course offerings available at senior high schools.

This review should serve to modify future resource allocation, plan secondary school reform initiatives, and accomplish overall school improvement. The results of this review should be communicated by a report to the Board, with recommendations as appropriate, prior to the end of the school year.

**ACTION PROPOSED BY
MS. PERLA TABARES HANTMAN:**

That The School Board of Miami-Dade County, Florida, request that the Superintendent review the course offerings available at senior high schools and provide a report to the Board with recommendations prior to the end of the school year.
