Contract No. 130-BB07 – TRANSMISSION FACTORY REBUILT, was to establish a contract, to purchase, at firm unit prices, quantities, as may be required, of factory rebuilt transmission, for the Department of Transportation, Vehicle Maintenance, during the term of the contract, effective July 10, 2004, through July 9, 2005. This supplemental award is requested due to the aging of fleet that has resulted in an increase in transmission replacements, as well as the increase of transmission replacements in 26 buses, purchased in the year 2000, which are out of warranty coverage. Last contract usage averaged \$9,327.47 per month, while this year's usage averaged \$15,989.95 per month. The supplemental amount requested is based on the average monthly expenditure, times the twelve (12) month contract period, minus the original award amount.
