SUBJECT: PREQUALIFICATION OF CONTRACTORS FOR EDUCATIONAL FACILITIES CONSTRUCTION

COMMITTEE: FACILITIES & CONSTRUCTION REFORM

On December 9, 1998, The School Board of Miami-Dade County, Florida, adopted School Board Rule 6Gx13-7D-1.05, Prequalification of Contractors for Educational Facilities Construction. This rule was created pursuant to Section 1013.46 Florida Statutes and State Requirements for Educational Facilities (1997), and requires school districts to prequalify contractors prior to bidding construction contracts. The statute became effective July 1, 1998.

As a part of the reengineering of the prequalification process, the rule was amended May 2004, which sets forth operating procedures that ensure full compliance with Florida Statutes and SREF. Moreover, the rule delineates the duties and responsibilities of staff to ensure that appropriate documentation is provided to the Prequalification Review Committee for the initiation of delinquency proceedings to revoke or suspend the certificate or invoke contractual remedies. The Office of Construction will collect information such as inspection and plan reviews, punch list data, schedule and quality information, quarterly evaluations and any other pertinent documentation deemed necessary, pursuant to the prequalification Board Rule. Furthermore, Construction is also developing a formal training program to assist staff in documenting and compiling evidence to support the non-performance of contractors. The District believes that upon the continued implementation of the enhanced policies and procedures, contractors deemed non-responsible will be ineligible to perform District work.

The Contractor Prequalification Review Committee (Committee) evaluated twenty-three (23) applications from companies that applied to: 1) obtain Contractor Prequalification Certification (Certification); 2) increase the Prequalification Certification limit, or 3) renew their Contractor Prequalification Certification. This item also includes project information for each company that has performed work as a prime contractor for the District.

DENIED CONTRACTOR PREQUALIFICATION CERTIFICATE

LMP Construction Services, Inc. applied for Contractor Prequalification Certification. The Committee evaluated the request and is recommending denial due to the contractor's lack of construction experience.

LMP Construction Services, Inc.
2401 NW 7th Street
Miami, FL 33125
Owner: Ms. Laura Perez

RECOMMENDED: That The School Board of Miami-Dade County, Florida:

1. approve the prequalification and renewal certifications of contractors, as indicated above;
2. approve the increases in Jasco Construction Company, Inc., MCM Corp. and James B. Pirtle Construction Co., d/b/a Pirtle Construction Company prequalification limits, and
3. deny LMP Construction Services, Inc.'s application for Contractor Prequalification Certification.
