

Dr. Robert B. Ingram, Vice-Chairman

**SUBJECT: REQUEST FOR APPROVAL OF RESOLUTION NO. 05-06 OF THE
SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA,
ENDORING APRIL 25-29, 2005, AS HIV/AIDS AWARENESS
WEEK IN MIAMI-DADE COUNTY PUBLIC SCHOOLS AND
AUTHORIZATION FOR THE SUPERINTENDENT TO
ENCOURAGE CONTINUED DISTRICT AND SCHOOL
PARTICIPATION**

**COMMITTEE: INSTRUCTIONAL EXCELLENCE & COMMUNITY
ENGAGEMENT**

Authorization is sought for approval of Resolution 05-06 for District support of HIV/AIDS Awareness Week, re-emphasizing the School Board's commitment to the mission and objectives of HIV/AIDS awareness. The intent of HIV/AIDS Awareness Week is to increase the level of consciousness and to address the educational needs and concerns of the community.

Miami-Dade County Public Schools has participated in HIV/AIDS Awareness Week through the initiation and promotion of positive, consciousness-raising activities. These activities include the use of the curriculum, *AIDS: Get the Facts!*, the distribution of informative literature, and the promotion of school announcements, speakers, videos, and contests. Furthermore, the HIV/AIDS education District staff has sought the support of local businesses and agencies in promoting April 25 -29, 2005, as AIDS Awareness Week.

Staff involved in HIV/AIDS education programs, at both the district and school level, may also contact various businesses and organizations from the HIV/AIDS Education Program's list of approved speakers for their collaboration. Teacher and student activities for HIV/AIDS Awareness Week may include, but are not limited to:

- researching the economic, social and /or political impact of the HIV virus;
- displaying relevant materials in schools and offices;

**REVISED
GOOD CAUSE
B-21**

- creating prevention brochures;
- graphing global HIV and AIDS statistics;
- implementing lessons from the *AIDS: Get The Facts!* Curriculum;
- researching current medications
- developing an AIDS Memorial Quilt;
- holding a poster, essay, or rap contest with awareness messages;
- scheduling speakers from the Approved Speakers Bureau to discuss the effects of HIV/AIDS on society;
- studying the cycle of a retro-virus;
- encouraging older students to talk with younger students about the importance of abstinence and universal precautions;
- wearing red ribbons during HIV/AIDS Awareness Week; and
- encouraging Dade Partners to participate with schools in their projects .

The Division of Life Skills and Special Projects' HIV/AIDS Program will work with schools individually, upon request, to create additional educational activities.

This item does not appear in the regularly scheduled agenda. There is good cause to vary from the established agenda to increase the level of consciousness and to address the educational needs and concerns of the community by designating April 25-29, 2005, as HIV/AIDS AWARENESS WEEK in Miami-Dade County Publics Schools.
