COMMITTEE: FACILITIES AND CONSTRUCTION REFORM

In order to provide additional fire protection to the Zora Neale Hurston Elementary School site, (Modular Classroom Addition), the Board must install and connect a water main extension and fire hydrant and other appurtenances to the existing Miami-Dade County (County) infrastructure (see location map).

The 13-acre school site is located at 13137 SW 26 Street. A proposed 8" water main will interconnect to an existing offsite County-owned 12" water main on SW 132 Avenue. One new hydrant will be installed. The approximate cost for the installation of these water facilities is \$22,000.

The agreement for the water facilities installation has been reviewed and recommended by the Office of School Facilities and the School Board Attorney's office. Public utility facilities constructed on Board-owned property will be conveyed, with appropriate easements, to Miami-Dade County for future maintenance and operation.
