

Ms. Evelyn Langlieb Greer, Member

**SUBJECT: EFFICIENCY COMMITTEE RECOMMENDATION TO ELIMINATE
 THE MANAGEMENT SELECTION ADVISORY COMMITTEE**

COMMITTEE: INNOVATION, EFFICIENCY & GOVERNMENTAL RELATIONS

The School Board of Miami-Dade created the Efficiency and Competition Committee on March 12, 2002 and restructured the Committee on March 16, 2005. The Efficiency Committee has met and determined that its first order of business is to review each of the standing Board committees and to recommend to this Board whether to sunset, restructure or continue without change such committees.

The Efficiency Committee met on April 29 and May 16, 2005 and adopted the following criteria for assessing standing Board committees:

- What was the Committee's function and mission when it was created?
- Did the Committee fulfill its mission?
- Does the Committee have an ongoing function?
- Has the Committee met regularly?
- Does staff believe the Committee is valuable?
- Should the Committee be restructured/eliminated?
- Can its mission be accomplished in a more efficient streamlined manner?

The Efficiency Committee reviewed the committee known as the Management Selection Advisory Committee, which is staffed by Ms. Melanie Megias, District Director, Administrative Staffing.

The Management Selection Advisory Committee was established by Board Rule 6Gx13-4A-1.16 and advises the Superintendent on impact and implementation of School Board rules regarding management and selection, practices and procedures. The Committee has not met for several years and it has fulfilled its mission.

The Committee's mission has been completed, and its purpose can be fulfilled more efficiently by staff.

**ACTION PROPOSED BY
MS. EVELYN LANGLIEB GREER:**

That The School Board of Miami-Dade County,
Florida:

1. eliminate the Management Selection Advisory Committee as a standing Board committee;
2. thank the members of Management Selection Advisory Committee for a job well done.
