**SUBJECT: REQUEST FOR APPROVAL OF RESOLUTION NO. 05-39 OF
THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA,
ENDORING UNITED NATIONS DAY, OCTOBER 24, 2005**

**COMMITTEE: INSTRUCTIONAL EXCELLENCE AND COMMUNITY
ENGAGEMENT**

United Nations Day is an international observance to mark the anniversary of the founding of the United Nations on October 24, 1945. In the spring of that year, representatives of 50 nations gathered in San Francisco to put the finishing touches on a document of far-reaching consequence - the Charter of the United Nations. The October 24th date marks the day when a sufficient number of ratifications had been obtained to officially launch the new United Nations. A new global institution had emerged out of the chaos and destruction of World War II to "save succeeding generations from the scourge of war - to reaffirm faith in fundamental human rights - and to promote social progress and better standards of life in larger freedoms."

In 1947, the U.N. General Assembly adopted a resolution declaring that October 24 "shall be henceforth officially called *United Nations Day* and shall be devoted to making known to the peoples of the world the aims and achievements of the U.N., and to gaining their support for the work of the United Nations." U.N. Day is now observed in 189 countries throughout the world.

To reaffirm the universality of these principles and to ensure their continuance, our students must be taught to live and work effectively in a culturally diverse and interdependent society, and to recognize that diversity can be many things: racial and ethnic background, economic status, religion, gender, and physical or mental attributes.
