This emergency request was required to purchase essential child-care services for participants of the Teenage Parent Program (TAPP), which serves pregnant or parenting students seeking a high school diploma. The procurement evaluation resulted in the rejection of a Request For Proposals for these services at the Board meeting of October 19, 2005. Based upon the rejection of the proposal, staff issued an emergency purchase order to Miami-Dade County Department of Human Services, Division of Child Development Services, to continue the essential services during the rebid and award process.
