SUBJECT: REVISION JOHN I. SMITH CONSTRUCTION PROGRAM

COMMITTEE: FACILITIES AND CONSTRUCTION REFORM

As part of the school district's five year capital plan, relief is planned for John I. Smith Elementary in the form of a new student wing which was originally planned for 20 classrooms, or approximately 500 student stations.

Since the authorization by the board and development of site plans, residents in the Doral Greens neighborhood, contiguous to the JIS property, have vocally opposed the placement of this new two-story building on the east property line.
