Rose Diamond, Chief Facilities Officer

SUBJECT: AUTHORIZATION TO ACCEPT A DECLARATION OF RESTRICTIONS IN CONNECTION WITH APPLICATION NO. 05-138, JUAN AND BEATRIZ VEGA, LOCATED AT 13965 SW 184 STREET, PROVIDING FOR A MONETARY DONATION IN ADDITION TO EDUCATIONAL FACILITIES IMPACT FEES AS ALLOWED FOR UNDER THE INTERLOCAL AGREEMENT

COMMITTEE: FACILITIES AND CONSTRUCTION REFORM

Background

Juan and Beatriz Vega (applicant), requested a zoning change from AU (Agricultural) to RU-1M(a) (Single-Family Modified), on approximately 2 acres located 13965 SW 184 Street (see location map). The proposed 12-unit residential development is estimated to generate 8 students (see attached school impact analysis).

Pursuant to the terms of the Interlocal Agreement for School Facility Planning (Interlocal), the School Board (Board), local government, in this instance Miami-Dade County (County), and the development community are to collaborate to develop options which seek to address the impact of proposed residential development on public schools where the development would result in an increase in the schools' FISH % utilization (permanent and relocatable), beyond the threshold review level of 115%; in this case, the senior high school that will serve the proposed development meets the referenced threshold.

Additional Information

At its April 13, 2005 meeting, the Board approved School District criteria that allow District staff to make recommendations on residential zoning applications that impact upon public schools beyond the 115% of FISH capacity review threshold. The criteria also outline specific steps to guide District staff's consultation with developers and input at public hearings, in an attempt to provide the required number of student stations to mitigate the impact of proposed residential development. Subsequent to a determination by District staff that the proposed development is above the review threshold, the developer is requested to consider and select from several mitigation options. As a result, the District met with the above applicants to discuss possible mitigation options.

The applicant has volunteered to mitigate the full capital cost of the additional senior high school student stations, and proffered a Declaration of Restrictions (Covenant) to provide a monetary donation covering the capital cost of 2 senior high school student stations at \$21,139 (\$42,278), less educational facilities impact fees estimated at

\$28,800, for a total donation of \$13,478. The entire donation is due prior to final plat approval of the application. In the event the County approves fewer units, the donation will be reduced on a pro-rata basis.

The donation is to be utilized for capital improvements to relieve the impacted school.

The Covenant will be reviewed by the School Board Attorney's Office prior to recordation.

RECOMMENDED: That The School Board of Miami-Dade County, Florida, authorize the Superintendent to accept a Declaration of Restrictions in connection with Miami-Dade County Application No. 05-138, Juan and Beatriz Vega, located at 13965 SW 184 Street, for the provision of a voluntary monetary donation over and above educational facilities impact fees in the amount of \$13,478.
