

Office of School Facilities
Rose Diamond, Chief Facilities Officer

SUBJECT: AGREEMENT BETWEEN MIAMI-DADE COUNTY AND THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA, FOR THE CONSTRUCTION OF WATER AND WASTEWATER FACILITIES TO SERVICE THE STATE SCHOOL PP-1 SCHOOL SITE (RELIEF FOR NORLAND AND PARKWAY MIDDLE SCHOOLS) PROJECT NO. A01026

COMMITTEE: FACILITIES AND CONSTRUCTION REFORM

In order to provide potable water, irrigation, wastewater and adequate fire protection services to the State School PP-1 School site, the Board must install and connect a water main, fire hydrants, an onsite sewer gravity system and other appurtenances to the existing Miami-Dade County (County) infrastructure (see location map).

The 9.7-acre school site is located at NE 207 Street and NE 2 Avenue. A proposed 8-inch water main on NE 209 Street abutting Board-owned property will interconnect to an existing County-owned 8-inch water main at NE 2 Avenue. In addition, an onsite 8-inch water main extension will be required in order to provide water services and adequate fire protection to the proposed school facility. The approximate cost for the installation of these water facilities is \$327,000.

The Board will install a proposed onsite gravity sewer system that shall interconnect to an existing County-owned utility access port located on NE Miami Court abutting a portion of Board-owned property to service wastewater. The approximate cost for the installation of these wastewater facilities is \$173,000.

At this time the County has not determined if the Board will be required to pay construction connection charges as their pro-rata share of County's water and wastewater infrastructure abutting School Board property installed by other parties.

The agreement for the water facilities installation has been reviewed and recommended by the Office of School Facilities. The School Board Attorney's Office will review and approve prior to execution. Utility facilities constructed on Board-owned property will be conveyed, with appropriate easements, to Miami-Dade County for future maintenance and operation.
