Background

Since 1991, the District has utilized a contracting method known as Job Order Contracting (JOC), which is used to acquire general construction services to execute minor construction and capitalized maintenance projects. Work orders are based on competitively bid unit pricing.

Renewal of Contractual Agreement

At its meeting of July 12 2006, The School Board approved an award to Weiss and Woolrich Contracting Co., Inc. for Job Order Contracting Services, with an initial contract value of \$2,000,000 and two renewal options of \$2,000,000. After evaluating the services rendered by Weiss and Woolrich Contracting Co., Inc., Facilities Operations, Maintenance has determined that this contractor has performed satisfactorily and is requesting authorization to renew the contractual agreement for an additional period of one year.

The current contract expires on July 11, 2007, and the one-year renewal period will commence on the date that the current contract meets the maximum value, or on July 12, 2007, whichever occurs first. Article 14 of the contract also prescribes a cost adjustment based on the Construction Cost Index as published by Engineering News Record. This adjustment results in an overall cost increase of 4.58% to the unit prices.

RECOMMENDED: That The School Board of Miami-Dade County, Florida authorize the Superintendent to renew the contractual agreement with Weiss and Woolrich Contracting Co, Inc Contract No. JOC 06-C1B, in conformance with Article 14 of the contract, for a period of one year, commencing on the date the current contract meets the maximum value, or on July 12, 2007 whichever occurs first.
