COMMITTEE: FACILITIES AND CONSTRUCTION REFORM

STRATEGIC PLAN: IMPROVE CONSTRUCTION SERVICES**

Background

Eureka Builders 184, LLC (applicant), is requesting a zoning change from AU (Agriculture) to RU-1M(a) (Modified Single-Family), on approximately 2 acres located at 18100 SW 110 Avenue (see location map). The proposed 12 units are estimated to generate 9 additional students (see attached school impact analysis).

Pursuant to the terms of the Interlocal Agreement for School Facility Planning (Interlocal), the School Board (Board), local government, in this instance Miami-Dade County (County), and the development community are to collaborate to develop options which seek to address the impact of proposed residential development on public schools where the development would result in an increase in the schools' FISH % utilization (permanent and relocatable), beyond the threshold review level of 115%; in this case, one of the school facilities that would serve the proposed development meets the referenced threshold.

Additional Information

At its April 13, 2005 meeting, the Board approved School District criteria that allow District staff to make recommendations on residential zoning applications that impact upon public schools beyond the 115% of FISH capacity review threshold. The criteria also outline specific steps to guide District staff's consultation with developers and input at public hearings, in an attempt to provide the required number of student stations to mitigate the impact of proposed residential development. Subsequent to a determination by District staff that the proposed development is above the review threshold, the developer is requested to consider and select from several mitigation options. As a result, the District met with the above applicant to discuss possible mitigation options.

The applicant has volunteered to mitigate the full capital cost of additional senior high school student stations, and proffered a Declaration of Restrictions (Covenant) to provide a monetary donation covering the capital cost of three senior high school student stations at \$25,803 (\$77,409), less educational facilities impact fees estimated at \$28,800, for a total donation of \$48,609. The entire donation is due prior to final plat approval of the application. In the event the County approves fewer units, the donation will be reduced on a pro-rata basis.

The donation is to be utilized for capital improvements to relieve the impacted school.

The Covenant will be reviewed by the School Board Attorney's Office prior to recordation.

RECOMMENDED: That The School Board of Miami-Dade County, Florida, authorize the Superintendent to accept a Declaration of Restrictions in connection with Application No. 06-310, Eureka Builders 184, LLC, located at 18100 SW 110 Avenue, for the provision of a voluntary monetary donation in addition to educational facilities impact fees in the amount of \$48,609.
