### Dependent Healthcare Premiums for NHP HMO 3 "One Child" Only

Employees may select the POS or HMO 62 for themselves and enroll their one child in the NHP HMO 3 Child/children tier of coverage. If the coverage is for one child only, the lower rates shown for the NHP HMO 3 "One Child" program will be substituted.

At this time, the online enrollment Web site is not programmed to allow for selection of this One Child option. Employees who select coverage for themselves in the POS or HMO 62 and elect the child/children tier of coverage in NHP HMO 3 to cover one child will be identified after Open Enrollment and the rate for that coverage will be changed to the NHP HMO 3 One Child rate.

Deductions taken during the month of January, 2008 will not reflect the adjusted NHP HMO 3 One Child Only amount. Employees who have the higher deductions taken from their paycheck in January will receive refunds in subsequent paychecks.
