

Office of School Facilities
Jaime G. Torrens, Chief Facilities Officer

SUBJECT: AUTHORIZATION TO ACCEPT A DECLARATION OF RESTRICTIONS IN CONNECTION WITH APPLICATION NOS. 2008-10 AND 2008-11, ZENAIDA GUERRERO, LOCATED AT 991 NE 18 AVENUE, HOMESTEAD, PROVIDING FOR A MONETARY DONATION IN ADDITION TO EDUCATIONAL FACILITIES IMPACT FEES AS ALLOWED FOR UNDER THE INTERLOCAL AGREEMENT

COMMITTEE: FACILITIES AND CONSTRUCTION REFORM

LINK TO STRATEGIC PLAN: IMPROVE CONSTRUCTION SERVICES

Background

Zenaida Guerrero (applicant), is requesting a zoning change from AU (Agriculture District) to R-1 (Single-Family Residential), on approximately 2.55 acres located at 991 NE 18 Avenue. The proposed 8 units are estimated to generate 5 additional students (see attached school impact analysis).

Pursuant to the terms of the Interlocal Agreement for School Facility Planning (Interlocal), the School Board (Board), local government, in this instance the City of Homestead (City), and the development community are to collaborate to develop options which seek to address the impact of proposed residential development on public schools where the development would result in an increase in the schools' FISH % utilization (permanent and relocatable), beyond the threshold review level of 115%; in this case, one of the school facilities that would serve the proposed development meets the referenced threshold.

Additional Information

At its April 13, 2005 meeting, the Board approved School District criteria that allow District staff to make recommendations on residential zoning applications that impact upon public schools beyond the 115% of FISH capacity review threshold. The criteria also outline specific steps to guide District staff's consultation with developers and input at public hearings, in an attempt to provide the required number of student stations to mitigate the impact of proposed residential development. Subsequent to a determination by District staff that the proposed development is above the review threshold, the developer is requested to consider and select from several mitigation options. As a result, the District met with the above applicant to discuss possible mitigation options.

The applicant has volunteered to mitigate the full capital cost of the additional elementary school student stations, and proffered a Declaration of Restrictions (Covenant) to provide a monetary donation covering the capital cost of two elementary school student stations at \$18,953 (\$37,906), less educational facilities impact fees estimated at \$19,200, for a total donation of \$18,706. The entire donation is due prior to final plat approval of the application. In the event the City approves fewer units, the donation will be reduced on a pro-rata basis.

The donation is to be utilized for capital improvements to relieve the impacted school.

The Covenant will be reviewed by the School Board Attorney's Office prior to recordation.

RECOMMENDED: That The School Board of Miami-Dade County, Florida, authorize the Superintendent to accept a Declaration of Restrictions in connection with Application Nos. 2008-10 and 2008-11, Zenaida Guerrero, located at 991 NE 18 Avenue, Homestead, for the provision of a voluntary monetary donation in addition to educational facilities impact fees in the amount of \$18,706.

PLANNED RELIEF SCHOOLS

<u>School</u>	<u>Status</u>	<u>Projected Occupancy Date</u>
State School "TT-1" New K-8 Center (Campbell Drive Elementary and Campbell Drive Middle Schools Relief) (1,600 student stations)	Construction	2009

OPERATING COSTS: According to Financial Affairs, the average cost for K-12 grade students amounts to \$6,549 per student. The total annual operating cost for additional students residing in this development, if approved, would total \$32,745.

CAPITAL COSTS: Based on the State's April 2008 student station cost factors*, capital costs for the estimated additional students to be generated by the proposed development are:

ELEMENTARY	2	x	\$18,953	=	\$37,906
MIDDLE	DOES NOT MEET THRESHOLD				
SENIOR HIGH	DOES NOT MEET THRESHOLD				
Total Potential Capital Cost					\$37,906

* Based on Information provided by the Florida Department of Education, Office of Educational Facilities Budgeting. Cost per student station does not include land cost.
