

Office of School Facilities  
Jaime G. Torrens, Chief Facilities Officer

**SUBJECT: MIAMI SENIOR HIGH SCHOOL PROJECT – STATUS REPORT**

**COMMITTEE: FACILITIES AND CONSTRUCTION REFORM**

**LINK TO  
STRATEGIC PLAN: IMPROVE CONSTRUCTION SERVICES**

On June 17, 2009 the School Board approved Item H-13 proffered by Board Member, Dr. Marta Pérez, requesting a monthly construction update of Miami Senior High School.

The following are recent developments pertaining to the above subject school:

- Relocation is in progress of various labs in the existing Building #7. This structure will be demolished in order to allow for construction of the new central campus building.
- Earthwork and foundations for the West building at the front of the school and the new chiller plant are in progress.
- Construction of the temporary parking area is in progress.

**RECOMMENDED:** That The School Board of Miami-Dade County, Florida receive the Status Report for capital work at Miami Senior High School.
