SUBJECT: REQUEST THAT THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA, APPROVE THE 2010-2011 SCHOOL IMPROVEMENT PLANS

COMMITTEE: INSTRUCTIONAL EXCELLENCE AND COMMUNITY ENGAGEMENT

LINK TO DISTRICT FRAMEWORK: STUDENT, PARENT AND COMMUNITY ENGAGEMENT

Section 1001.42, F.S. and the State of Florida's Differentiated Accountability program requires that school districts develop and implement School Improvement Plans (SIPs) which include specific strategies to improve student performance and address educational priorities.

In 2010-2011, 356 Miami-Dade County Public Schools (including 5 Vocational Centers/Adult Education Centers, 4 Special Centers, and 16 Alternative Schools) and 93 Charter Schools completed School Improvement Plans (SIPs) using the State of Florida's Bureau of School Improvement's online SIP template. The 2010-2011 School Improvement Plans were developed through a peer review process which included approval by school-site Educational Excellence School Advisory Councils (EESACs), review and approval by Regional Center and District staff, and review and feedback of the schools in the lowest performing categories by the State Region Director. Implementation will be monitored at all levels throughout the school year.

A copy of the School Improvement Plan for each school is available on the web at: <http://www.flbsi.org/>. Additionally, a copy of the CD containing the School Improvement Plans is also located in the Citizen Information Center, Room 158, 1450 N.E. Second Avenue, Miami, Florida 33132.

RECOMMENDED: That The School Board of Miami-Dade County, Florida, approve the 2010-2011 School Improvement Plans.
