EDUCATION FOR EXCEPTIONAL STUDENTS**

**LINK TO STRATEGIC
FRAMEWORK: IMPROVE AND EXPAND CURRENT CURRICULUM**

Authorization is requested to amend School Board Rule 6Gx13- 6A-1.331, Procedures for Providing Special Education for Exceptional Students and the document, *Exceptional Student Education Policies and Procedures (SP&P) Effective Dates: 2009-2010 through 2011-2012*, incorporated therein by reference and made part of the rule. The document was previously approved by the School Board at its meeting held on November 17, 2009. The SP&P serves as the basis for identification, evaluation, eligibility determination and placement of students in special education programs. The document is also a component of the District's application for supplemental student funds available through the Individuals with Disabilities Education Act (IDEA).

In accordance with the requirements set forth in Rule 6A-6.03411, Florida Administrative Code (F.A.C.), the SP&P must be submitted every three years to the Florida Department of Education (FDOE) as a prerequisite for the use of weighted cost factors under the Florida Education Finance Program (FEFP). Although Board review and approval of the SP&P is required by law every three years, the document must be amended and submitted to the FDOE prior to the expiration of the current three-year cycle in light of new requirements set forth in Florida Statutes section 1003.573, that became effective on July 1, 2010, and revisions to select State Board of Education Rules promulgated during 2009-2010. In particular, substantive changes to the SP&P involve reporting, data collection, and monitoring the use of seclusion and restraint; exceptional student education eligibility; development of individual educational plans (IEPs); and participation in state and district assessments. The core content of the SP&P reflects the federal and state policies and procedures related to exceptional student education that apply to all districts.
