**SUBJECT: REJECT REQUEST FOR PROPOSALS NO. 046-LL10 – TELECOMMUNICATIONS FACILITIES (REBID)**

**COMMITTEE: FACILITIES AND CONSTRUCTION REFORM**

**LINK TO STRATEGIC FRAMEWORK: IMPROVE CONSTRUCTION AND MAINTENANCE SERVICES**

Request For Proposals No. 046-LL10 – TELECOMMUNICATIONS FACILITIES (REBID), was issued on behalf of Planning, Design and Sustainability in compliance with Board Policy, and allowed telecommunication providers to replace the District's older, roof-mounted WLRN antennae at up to 159 Board-owned sites, with new ground-mounted monopoles, at the proposers' expense, for subsequent shared educational and commercial use.

The required information to be submitted by proposers was divided into Phase I and Phase II, with two separate submittal dates, May 26, 2011, and September 15, 2011, respectively, as set forth under Section III of the Request For Proposals (RFP). One (1) proposer responded to Phase I of the RFP, seeking to install a new co-location monopole on the campus of John A. Ferguson Senior High School.

Subsequent to the Phase I submittal, the proposer withdrew its proposal, pursuant to the terms and conditions of Attachment I (Section 9) of the RFP – "Process for the Siting of Joint-Use Wireless Telecommunications Facilities on Board-Owned Sites". Pursuant to this section, upon proposer's notification of withdrawal, the process ends.

Inasmuch as no other proposals were received, it is recommended that the Board reject the RFP.

**RECOMMENDED:** That The School Board of Miami-Dade County, Florida, **REJECT** Request For Proposals No. 046-LL10 -TELECOMMUNICATIONS FACILITIES (REBID).
