SUBJECT: REQUEST SCHOOL BOARD APPROVAL OF ONE CHARTER SCHOOL CONTRACTUAL AGREEMENT; FIVE RENEWALS TO THE CHARTER SCHOOL CONTRACTUAL AGREEMENT; AND EIGHTEEN AMENDMENTS TO THE CHARTER SCHOOL CONTRACTUAL AGREEMENTS

COMMITTEE: INSTRUCTIONAL EXCELLENCE AND COMMUNITY ENGAGEMENT

LINK TO STRATEGIC FRAMEWORK: STUDENT, PARENT, AND COMMUNITY ENGAGEMENT

Section 1002.33(7), Florida Statutes, Charter Schools, stipulates that the major issues involved in the operation of charter schools be considered in advance and written into a charter school contractual agreement, between the charter school and the sponsor, following a public hearing to ensure community input. Additionally, a charter school contractual agreement may be modified during its initial term or any renewal term upon the recommendation of the sponsor and the approval of both parties to the agreement. Section 1002.331(3), Florida Statutes, High-performing Charter Schools, authorizes a high-performing school, designated by the Commissioner of Education, to (a) increase its student enrollment once per school year by up to 15 percent more than the capacity identified in the charter; (b) expand grade levels within kindergarten through grade 12 to add grade levels not already served; (c) submit a quarterly, rather than a monthly, financial statement to the sponsor pursuant to s. 1002.33(9)(g); (d) consolidate under a single charter the charters of multiple high-performing charter schools operated in the same school district by the charter schools' governing board regardless of the renewal cycle; and (e) receive a modification of its charter to a term of 15 years or a 15-year charter renewal.

These schools have undergone a program review by Staff and the M-DCPS Application Review Committee (ARC) to determine the following: (a) the level of success of the current academic program; (b) achievement of the goals and objectives required by state accountability standards and successful accomplishment of the criteria under s. 1002.33(7)(a), Florida Statutes; (c) the viability of the organization; (d) compliance with the terms of the contract; and (e) that none of the statutory grounds for nonrenewal exists. Subsequently, the M-DCPS' Charter School Contract Review Committee (CRC) met to negotiate the charter school contractual agreements delineated below and made the following recommendations to the Superintendent of Schools.

TOTAL REVENUE (\$):							\$44,771,113
TOTAL TEACHER POSITIONS:							353

Initial Year Loss: The revenue and teaching positions indicated as "Initial Year Loss" provide an estimate of the potential impact to the District's General Fund (\$44,771,113) and instructional staffing (353 positions). The loss of revenue describes 95% of FEFP funds per student, based on 75% of the initial year's enrollment projection, which will not be realized by the District for the current fiscal year. The loss in teaching positions, based on average class size requirements, reflects the possible reduction in basic teaching positions resulting from the anticipated decrease in students.

Copies of the charter school contractual agreements and the renewals will be transmitted to the School Board Members under separate cover and will be available for inspection by the public in the Office of Board Recording Secretary, Room 924, and in the Citizen Information Center, Room 158, 1450 N.E.
