## Unaudited Notes to the Monthly Financial Report for the Period Ending February 2018

#### **General Fund**

The General Fund is the primary operating fund of the School Board. General ad valorem tax revenues, revenues from the Florida Education Finance Program and other receipts that are not allocated by law or contractual agreement to another fund are accounted for in this fund.

- 1. Local property tax revenue is recorded on a cash basis. Comparison of the cash receipt figure to the budgeted annual total will enable the reader to determine the status of collections.
- 2. The following is a breakdown of commitments and encumbrances by expenditure type in the General Fund for the period ending February 28, 2018:

#### Food Service Fund

This fund is used to account for the schools' Food Service operations. Operating funds are received or generated from federal, state and local sources.

Average daily student participation as a percentage of enrollments is 26% for breakfasts and 59% for lunches compared to 27% and 61% in 2016-2017 fiscal year. The total number of student meals served decreased 5.2% compared to the prior year.

The number of operating days in the current month was 19 and year-to-date was 111 compared to 113 in the prior year. Due to hurricane Irma, schools were closed from September 7, 2017 through September 15, 2017. However, the Federal Department of Agriculture and Consumer Services (FDACS), provided a waiver whereby it reimbursed the District at the free rate based on attendance, for the period of September 18, 2017 through October 20, 2017.

Net encumbrances as of month end amounted to \$2,450,571 of which \$2,201,681 is attributable to Capital Outlay; \$18,679 is attributable to Material and Supplies; and \$230,211 is attributable to Purchased Services.

- Federal Reimbursement claims are made on the basis of an established rate from the State Department and calculated by the number of each type of meal served, according to the reports submitted by each school.
- 2. The inventory valuations were recorded as submitted and certified by the Administrative Director, Food and Nutrition Management, Directors for Operations, Coordinators for Food Service Finance, Production and Planning, and Food Service Managers.
- 3. Based on the Florida Department of Education Technical Assistance Note, the fair value of commodities is to be recognized as revenue in the period the commodities are received. Additionally, the Governmental Accounting Standards Board (GASB) Statement No. 54, <u>Fund Balance Reporting and Governmental Fund Type Definitions</u> requires inventory to be reported under the category of nonspendable. At February 28, 2018 the commodity inventory balance was \$4,274,306.

**General Fund** 

Revenues (\$ in thousands)

Transfers-in represent reimbursements to the General Fund from LOML (local optional millage levy) for certain capital outlay expenditures, maintenance and repairs as authorized by Section 1011.71 Florida Statutes. Additionally, as a result of a change in financial reporting as directed by the Florida Department of Education (DOE), charter school capital outlay funding is recorded in the Capital Funds and then the Capital Funds reimburse the General Fund through a transfer-in. Also, as a result of a legislative change allowing for flexibility in the use of LOML funds, the Capital Funds also reimburse the General Fund for property & casualty insurance expenditures. As of February 2018, reimbursements to the General Fund through transfers-in amounted to \$131,496 consisting of \$30,000 from the Self-Insurance Health Fund, and \$79,471, \$7,859 and \$14,166 for capital outlay expenditures, charter school capital outlay, and property & casualty insurance, respectively.
