**EFFECTIVE AND SUSTAINABLE BUSINESS PRACTICES** 

Background

School Board Policy 6334, Florida State Statutes and State Requirements for Educational Facilities – Section 4 (SREF) requires school districts to prequalify contractors prior to bidding construction contracts, construction management, design-build, and any other construction services for a one (1) year period or for a specific project.

The Office of Economic Opportunity (OEO) and Contractor Prequalification Review Committee (CPRC) facilitates compliance for Miami-Dade County Public Schools in accordance with SREF and all applicable School Board policies.

On Monday, July 16, 2018, the OEO and CPRC evaluated and recommended Board approval of **five (5) new applications, of which two applications have dual licenses** and three (3) increase to single bid limit renewal applications. Six (6) renewal applications were also approved, of which three (3) increased their aggregate bid limit and is provided for informational purposes only.

RECOMMENDED:

That The School Board of Miami-Dade County, Florida, approve the prequalification certificates for five (5) new applications and three (3) increase to single bid limit renewal applications, for educational facilities, as listed on Attachment "A".
