

Mrs. Valtena G. Brown, Deputy Superintendent/Chief Operating Officer  
School Operations

**SUBJECT:            INITIAL READING: PROPOSED PROMULGATION OF NEW  
BOARD POLICY 5330.02, MEDICAL MARIJUANA**

**COMMITTEE:        PERSONNEL, STUDENT, SCHOOL AND COMMUNITY SUPPORT**

**LINK TO STRATEGIC**

**BLUEPRINT:        SAFE, HEALTHY AND SUPPORTIVE LEARNING ENVIRONMENT**

On February 13, 2019, the Board approved Agenda Item H-13 (Medical Marijuana Policy), sponsored by Ms. Lubby Navarro, Board Member, that authorized the Superintendent to survey best practices related to student use of medical marijuana as permitted under Section 1006.062(8), F.S., and to initiate rule making proceedings as appropriate. The statute mandates that each district school board adopt a policy and procedures for allowing a student who is a qualified patient to use marijuana obtained under that section.

On April 16, 2019, the Superintendent provided the Board an update on the District review of best practices and statewide policies related to student use of medical marijuana as permitted under 1006.062, F.S. It was noted that several school districts, including Broward County, have adopted policies permitting qualified student patients, as provided by state law, to have access to medical marijuana/low tetrahydrocannabinol (THC) cannabis.

While there may be legitimate concerns because of the existence of a possible conflict with federal law prohibiting the use and possession of marijuana, the benefits to qualified student patients from low THC medical marijuana that is prescribed for them potentially outweigh those concerns. This item requests approval of a proposed new Policy 5330.02, *Medical Marijuana*, that would allow qualified students to receive medical marijuana provided they meet the statutory criteria as detailed in the proposed policy. Because of the possible conflict with federal laws, the proposed policy has included language that if at any point in time the federal government indicates that the District's federal funds may be jeopardized by this policy, that the policy shall be void and that the use of medical marijuana by students will immediately cease and be prohibited. Additionally, at its December 14, 2016 meeting, the School Board approved item H-9 (Medical Marijuana Law) sponsored by Dr. Martin Karp, Vice-Chair, and unanimously co-sponsored by the Board, authorizing the Superintendent to collaborate with the Florida Association of District School Superintendents for the purpose of discussing and developing added protections and recommendations related to the implementation of Amendment 2; and amend its 2017 State Legislative Platform.

**D-68**

In the development of this policy, recommendations were sought from the School Health Medical Advisory Committee and the Superintendent's District Advisory Panel for Exceptional Student Education.

This item requests that the Board authorize the Superintendent to initiate rulemaking proceedings to promulgate new Policy, 5330.02, *Medical Marijuana*, establishing a policy for the use of medical marijuana for qualified students.

Attached is the Notice of Intended Action and proposed new policy.

**RECOMMENDED:** That The School Board of Miami-Dade County, Florida, authorize the Superintendent to initiate rulemaking proceedings in accordance with the Administrative Procedure Act to adopt new Board Policy 5330.02, *Medical Marijuana*.

17 hours, or the student is disabled and requires medication to benefit from his/her educational  
18 program.

21 caregivers to demand access to any general or particular location on school grounds or  
22 District property, a school bus or a school-sponsored event to administer medical  
23 marijuana/low THC cannabis.

24  
25 If the federal government indicates that the District's federal funds are jeopardized by this  
26 policy, the School Board declares that this policy shall be suspended immediately and the  
27 administration of any form of medical marijuana/low THC cannabis for qualified students will  
28 not be permitted. In that event, the District shall post notice of such policy suspension and
