SUBJECT: SCHOOL BOARD POLICY 2370

COMMITTEE: ACADEMICS, INNOVATION, EVALUATION & TECHNOLOGY

LINK TO STRATEGIC

BLUEPRINT: SAFE, HEALTHY & SUPPORTIVE LEARNING ENVIRONMENT

It is the responsibility of this School Board to make policy that addresses the changing educational needs of all children and families of Miami-Dade County. In light of this, policies, practices, and procedures ought to be regularly revised. We serve a community composed of families with a variety of circumstances. Among these are families with multiple birth siblings for whom selection, placement, and enrollment in the District's programs and schools pose additional challenges.

This item is presented for the Board to request that the Superintendent review and amend all applicable practices, procedures, and policies, including School Board Policy 2370, *Magnet Programs/Schools*, to ensure that multiple birth siblings are afforded the same standing as any other students during selection, placement, and enrollment in the District's programs and schools. Additionally, this item also directs the Superintendent to ensure that applicable practices and procedures be aligned with the revised policies and are uniformly applied throughout the District.

This item has been reviewed and approved by the School Board Attorney's office as to form and legal sufficiency.
