

MEMORANDUM

January 14, 2002

TO: All Locations

FROM: Information Technology Services

SUBJECT: **W32.Sobig.A@mm - Virus Alert - Revised**

All Internet and Outlook e-mail users should be on the lookout for a virus called "W32.Sobig@MM". The virus arrives from Big@Boss.Com with one of the following subjects:

Re: Movies
Re: Sample
Re: Document
Re: Here is that sample.

These messages are being cleaned by the District's AntiVirus Software and are **NOT** infected with a virus. Users should delete the messages without opening them.

All locations are reminded that it is the responsibility of each user to update their VirusScan software. Each user should set their VirusScan software to update DAT files on a weekly basis. Instructions for scheduling the VirusScan software to update automatically are available from the following website:

<http://oit.dadeschools.net/virus.htm>

If you do not have McAfee installed on your computer, information for obtaining the District's free McAfee antivirus software is available at the following website:

<http://techsupport.dadeschools.net/Antivirus.htm>

If you have any questions regarding this memo, please call Support Services at 305-995-3705(0).
