

MEMORANDUM

TO: All MDCPS Network Users

FROM: Information Technology Services (ITS)

SUBJECT: *****VIRUS ALERT*****

An e-mail virus called W32/mydoom.f@MM has been reported. The e-mails generated by this virus have a spoofed From: address, so incoming messages may appear to be from people you know. Furthermore, the subject line and message body are both randomly generated by the virus. These e-mails contain an attachment that **must not** be opened. The attachment varies, but often arrives as a .zip file. **If you receive suspicious e-mail messages, delete them immediately without opening the attachment.**

As always, your cooperation is greatly appreciated. If you have any questions regarding this memo, please call Support Services at 305-995-3705(0).
