Important information for Apple users related to Weekly Briefing #13480. Please post, email, or discuss with all staff in your location!

- As detailed in Weekly Briefing #13480, on 2/19 Apple Computers released operating system (iOS), version 6.1.2. In order to fix the reported issues of synchronizing with Microsoft Exchange, this update **MUST** be installed on all Apple devices that synchronize with the district email system.
- The following will occur if the update is **NOT** done:
 - Effective Monday, March 11, ITS will begin enforcing the blocking of Apple devices **that have not been updated and continue to run iOS 6.1 or 6.1.1.**
 - Once blocked, the affected Apple device will **NOT** synchronize with district email.

Questions should be directed to HEAT Self Service.
