

Parent Academy workshops can help you:

- ▶ Get the most out of parent-teacher conferences
- ▶ Work well with your child's support team (Individualized Education Program team, school leadership teams, one-on-one mentoring)
- ▶ Identify resources to help your child's learning and social development
- ▶ Understand learning standards, standardized tests, and the process for identifying when a student needs help
- ▶ Help your child get ready for college and career
- ▶ Understand special education and how you can help a student with special needs
- ▶ Learn more about technology, including basic computer skills, social media, and cyberbullying awareness

DATE	TIME	WORKSHOP TITLE	WORKSHOP DESCRIPTION
Tuesday, December 2 & 9	2pm-4pm	Parent Rights and Responsibilities	This workshop addresses the role parents play in their child's educational development. It emphasizes the importance of school and community interaction to help improve children's learning environment. It defines the rights of parents and how to exercise these rights.
Thursday, December 4 & 11	2pm-4pm	The Parent Portal	This hands-on workshop guides parents step-by-step in the process of creating a Parent Portal account. It teaches them how to navigate through the portal's resources and monitor their children's academic progress.
