SUBJECT: DIRECT THE SUPERINTENDENT TO ESTABLISH PROCEDURE FOR SYSTEMATIC BOARD REVIEW AND RENEWAL OF CHARTER SCHOOL CONTRACTS

To insure that all students under the authority of the Miami-Dade County Public School Board receive the best possible education, it is proposed that the Superintendent shall establish a procedure which charter schools will be reviewed annually, with the results presented to this Board. Additionally, a systematic procedure shall be established to allow this board adequate time to review contract renewal requests. These procedures shall include, but not limited to, the following provisions:

1. Written documentary evidence shall be provided to show the level at which the charter school is achieving goals as set forth in the initial charter school contract.
2. A written report shall be compiled for each School Board member and shall summarize the results of all review criteria.
3. The results of the annual review conducted by the Superintendent, or designee, shall be presented to the School Board at least four weeks prior to the date in which renewal of a charter school contract will be considered for approval by the School Board
