SUBJECT: REJECTION OF BID #135-ZZ04 – WIRELESS LOCAL NETWORK SYSTEM

The purpose of this bid, opened on January 5, 2000, was to establish a contract, to purchase, at firm unit prices, quantities, as may be required, of wireless local network systems, for various locations. This is a term bid which states that the Board may purchase quantities, as may be required, at the unit price bid, but is not obligated to purchase any guaranteed amount. Of 68 vendors sent bid forms or card notices of this advertised bid, 19 responded with 3 bids meeting specifications, 11 bids not meeting specifications and 5 no bids.

Inasmuch as the requirements for wireless network systems are changing, additional component parts are needed for new installations, and newly developed products will be added to the bid. The recommendation reflects that all bids received be rejected to permit rebidding, using revised specifications.
