SUBJECT: REQUEST FOR APPROVAL OF RESOLUTION NO. 01-25 OF THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA, STATING ITS OBJECTION TO THE USE OF PARTIALLY CORRECTED FLORIDA COMPREHENSIVE ASSESSMENT TESTS (FCAT) FOR THE ASSIGNMENT OF ACADEMIC PERFORMANCE GRADES TO MIAMI-DADE COUNTY PUBLIC SCHOOLS

Using partially corrected Florida Comprehensive Assessment Tests (FCAT) for the assignment of academic performance grades to Miami-Dade County Public Schools would present an inaccurate picture of our students' performance. Due to time limitations set by the state, the firm contracted to grade the FCAT can only complete the grading of the multiple-choice section of the test prior to schools being assigned their overall performance grades. The essay portion of the test will be graded at a much later date. This undermines the hard work students and staff did to prepare for the FCAT to bolster their school's standing.

The Florida Education Association and the Florida Association of District School Superintendents have gone on record criticizing the plan to grade schools based solely on the multiple choice section of the FCAT. The School Board of Miami-Dade County, Florida also should go on record as opposing this plan.
