

Office of School Board Members
Board Meeting of May 15, 2002

May 9, 2002

Perla Tabares Hantman, Chair

SUBJECT: REVIEW AND ASSESSMENT OF THE SUPERINTENDENT OF SCHOOLS' PERFORMANCE

At the School Board meeting of February 13, 2002, I had proposed Agenda Item J-2, Subject: Superintendent of Schools' 90 Day Review and Assessment. The intent of that item was to fulfill a condition of the contract which provides for an evaluation of the Superintendent's performance on or about the 90th day of employment. I subsequently proposed, and the Board approved, to table the item for an additional 60 to 90 days so that we would have more evidence of the Superintendent's performance and the results of the reorganization of top-level positions.

It is the intent of this agenda item to permit Board members and the Superintendent to publicly discuss the Superintendent's performance.

**ACTION PROPOSED BY
MS. PERLA TABARES HANTMAN:**

That The School Board of Miami-Dade County, Florida, fulfill the condition of the Superintendent's contract regarding an evaluation of his performance and provide the opportunity for the Board and the Superintendent to publicly discuss the observations, review and assessments of his performance.
