Part C funding may be used for a range of services including, but not limited to, nursing, therapy, home visits, social work service, family training, transportation and assistance with the identification and placement of eligible students.

Agencies will be responsible for the day-to-day operation of programs, facilities, staff assistance with the identification and placement of students, staff development training and administrative support. In addition to providing the FTE, M-DCPS will provide assistance with identification and placement of eligible students and monitoring to ensure compliance with applicable requirements. Each contractual agreement may be canceled by any party, for any reason, with sixty days written notice to all parties.
