**SUBJECT: REJECT REQUEST FOR PROPOSALS NO. 048-CC10 –
BOUNDARY ANALYSIS/TRANSPORTATION SOFTWARE**

COMMITTEE: BUSINESS AND FINANCIAL SERVICES

The purpose of the Request For Proposals, opened on April 10, 2003, was to establish a contract, at a firm price, to provide a software system, to handle transportation and boundary related services, for the Department of Transportation. Of 8 proposers sent proposal forms or card notices of this advertised proposal, 4 responded.

The evaluation committee met on April 21, 2003, and proposer product demonstrations were held on April 22 and 23, 2003. During the evaluation, an unintended, but nevertheless inappropriate communication occurred between a selection committee member and the proposers. Due to this communication and after consultation with the Board Attorney's office, it is determined to be in the best interest of the District, to reject all proposals and rebid these services. A recommendation for the Board's consideration for this software system is expected no later than the September School Board meeting.
