

Paul R. Philip, Chief of Staff

**SUBJECT: AGREEMENT BETWEEN MIAMI-DADE COUNTY AND THE SCHOOL BOARD OF MIAMI-DADE COUNTY, FLORIDA, FOR THE CONSTRUCTION OF WATER AND WASTEWATER FACILITIES TO SERVICE POINCIANA PARK ELEMENTARY SCHOOL SITE PROJECT NO. A0556**

**COMMITTEE: FACILITIES MANAGEMENT**

In order to provide adequate fire protection, potable water, irrigation services and wastewater to the Poinciana Park Elementary School site, the Board must install and connect a water main, fire hydrant, gravity sewer system and other appurtenances to the existing Miami-Dade County (County) infrastructure (see location map).

The 9-acre school site is located at 6745 NW 23 Avenue. A proposed 8" water main will interconnect to an existing County-owned 16" stub out at NW 22 Avenue and NW 68 Street. The approximate cost for the installation of these water facilities is \$32,000.00.

The Board will install a proposed onsite 8" gravity sewer main which will connect to an existing County-owned utility access port located on NW 23 Avenue and 67 Street abutting a portion of the western boundary of Board-owned property to service wastewater. The approximate cost for the installation of these wastewater facilities is \$82,862.00.

The agreement for the water facilities installation has been reviewed and recommended by Facilities Operations and Legislative Support and the School Board Attorney's Office. Public utility facilities constructed on Board-owned property will be conveyed, with appropriate easements, to Miami-Dade County for future maintenance and operation.
