Ofelia San Pedro, Deputy Superintendent

SUBJECT: PREQUALIFICATION OF CONTRACTORS FOR EDUCATIONAL FACILITIES CONSTRUCTION

COMMITTEE: FACILITIES & CONSTRUCTION REFORM

On December 9, 1998, The School Board of Miami-Dade County, Florida, adopted School Board Rule 6Gx13-7D-1.05, Prequalification of Contractors for Educational Facilities Construction. This rule was created pursuant to Section 1013.46 Florida Statutes and State Requirements for Educational Facilities (1997), and requires school districts to prequalify contractors prior to bidding construction contracts. The statute became effective July 1, 1998.

As a part of the reengineering of the prequalification process, the rule was amended May 2004, which sets forth operating procedures that ensure full compliance with Florida Statutes and SREF. Moreover, the rule delineates the duties and responsibilities of staff to ensure that appropriate documentation is provided to the Prequalification Review Committee for the initiation of delinquency proceedings to revoke or suspend the certificate or invoke contractual remedies. The Office of Construction will collect information such as inspection and plan reviews, punch list data, schedule and quality information, quarterly evaluations and any other pertinent documentation deemed necessary, pursuant to the prequalification Board Rule. Furthermore, Construction is also developing a formal training program to assist staff in documenting and compiling evidence to support the non-performance of contractors. The District believes that upon the continued implementation of the enhanced policies and procedures, contractors deemed non-responsible will be ineligible to perform District work.

The Contractor Prequalification Review Committee (Committee) evaluated seventeen (17) applications from companies that applied to: 1) obtain Contractor Prequalification Certification (Certification); 2) increase the Prequalification Certification limit, or 3) renew their Contractor Prequalification Certification. This item also includes project information for each company that has performed work as a prime contractor for the District.

NEW APPLICANTS

ADT Security Services, Inc.
7747 N.W. 48th Street, #D-160
Miami, FL 33106
CEO: Mr. Edward D. Breen

DENIED CONTRACTOR PREQUALIFICATION CERTIFICATE

Structural Cabling Solutions, Inc. applied for Contractor Prequalification Certification. The Committee evaluated the request and is recommending denial due to the lack of proof of contractor's financial viability.

Structured Cabling Solutions, Inc.
1777 N.W. 79th Avenue
Miami, FL 33126
Owner: Mr. Raymond Young

RECOMMENDED: That The School Board of Miami-Dade County, Florida:

1. approve the prequalification and renewal certifications of contractors as indicated above;
2. approve the increases in Coastal Construction of Monroe, Inc. d/b/a Coastal Construction Company's and MCM Corporation's prequalification limits, and
3. deny Structural Cabling Solutions, Inc.'s application for Contractor Prequalification.
