STRATEGIC PLAN: DEVELOP OF STUDENTS SO THAT THEY ARE ABLE TO
SUCCESSFULLY COMPETE IN THE GLOBAL ECONOMY**

School athletics is an important aspect of the development of young men and women as high achieving students, leaders and responsible citizens. The lessons learned through the hard work of physical and mental training for competition, the discipline of abiding by the rules of the game and the experience of dealing with both winning and losing prepares our students for the real world of life as an adult. School athletics has been the foundation of the growth and success of generations of Miami-Dade County Public School students.

As a new school year begins, the Florida High School Athletics Association has asked School Boards in Florida to reaffirm their commitment to the highest standards of sportsmanship and responsibility in the high school athletics programs throughout out school system. Such commitment must be enforced at every high school in the school district in a consistent manner and should recognize that a successful athletic program is one based upon the highest level of conduct and sportsmanship.
