Authorization is requested to enter into a cooperative agreement with City Year to provide mentoring, tutoring and other after-school enrichment services that promote a positive school climate at selected schools for the period of July 1, 2008, through June 30, 2009. The criteria to select participating schools will be through a voluntary request for participation; the target schools will be low-performing elementary schools. The Office of Community Services will serve as the District liaison for the program. Revised

City Year's mission is to build democracy through citizen service, civic leadership, and social entrepreneurship. As an AmeriCorps Program, City Year recruits young adults ages 17 – 24 to work for a year in local public schools. Established in 1988, City Year has programs in 17 cities throughout the United States, and one program in South Africa. City Year has established a program in Miami and will work in partnership with Miami-Dade County Public Schools (M-DCPS) and school-site leadership to address the needs of targeted students through a holistic model entitled *Whole School, Whole Child* which provides support through three interventions: *Academic Support, Positive School Climate, and After-school Enrichment Programs*. Over the first three years, City Year expects to bring \$3.2 million in new federal dollars to support the program, and another \$1.5 million from private donors and in-kind contributions.

In support of this partnership, M-DCPS will provide in-kind services including space at the selected schools; coordination of tutoring, mentoring and enrichment services at the schools; administrative support by the Office of Community Services; collaboration on student outcomes data collection; and access to appropriate trainings. There will be no cost to the District. Revised
